

GRADE 100 TRANSPORT CLEVIS GRAB HOOK

NO SADDLE · SLIM PROFILE · LOAD SECUREMENT · CHAIN 5/16" TO 1/2" · WLL 5,700 TO 15,000 LBS.

A slim-profile Grade 100 clevis grab hook supplied **without a saddle or cradle**, so it seats directly on the chain link. The reduced body depth keeps the hook close to the load, making it well suited to transport and load securement work where a saddled grab hook would sit proud.

BENEFITS & FEATURES

- **Grade 100 alloy steel** — heat treated and proof tested
- **Slim profile** makes it ideal for transport applications
- No saddle or cradle — seats directly on the chain link
- Clevis end connects directly to chain without a coupling link
- Available for 5/16", 3/8" and 1/2" Grade 100 chain
- Working load limits from 5,700 to 15,000 lbs.

G100

GRADE

5/16-1/2"

TRADE SIZE

15,000

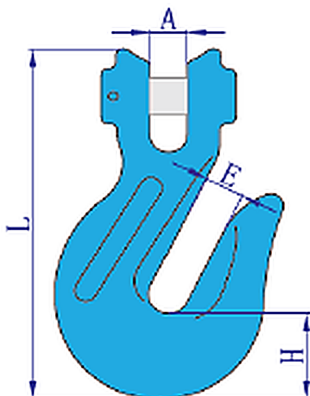

MAX WLL (LBS.)

⚠ **Non-cradle grab hooks:** this hook is designed with load securement in mind, but may be used in chain slings. If a non-cradle grab hook is used in a **shortening or choker application, the working load limit of the sling must be reduced by 20%.** Never exceed the rated WLL, and match the hook to the chain size shown.

PART NUMBERS, CAPACITIES & DIMENSIONS

PART NO.	TRADE SIZE (IN.)	WLL (LBS.)	DIMENSIONS (IN.)				WEIGHT (LBS.)
			A	E	H	L	
10CGH08NSC	5/16"	5,700	0.37"	0.40"	0.94"	3.74"	0.92
10CGH10NSC	3/8"	8,800	0.47"	0.51"	1.14"	4.99"	1.85
10CGH13NSC	1/2"	15,000	0.61"	0.67"	1.50"	6.10"	3.75

Grade 100 alloy steel, heat treated. Working load limits are based on a 4:1 design factor and apply to a straight in-line pull. The rated capacity of an assembly is limited by its lowest-rated component. Inspect before each use and remove from service if the hook or clevis is deformed, cracked, worn or the throat has opened. Imported.

DIMENSIONS

APPLICATIONS

- Flatbed and transport load securement
- Tie-down chain assemblies
- Shortening a chain leg to length
- Equipment hauling & recovery
- Chain slings (see derating note)
- General transport rigging

ALSO AVAILABLE

- Grade 100 clevis grab hooks **with** saddle (CFX)
- Grade 100 clevis grab hook with saddle & latch (CFX_S)
- Grade 100 sling, foundry & self-locking hooks
- Grade 100 alloy sling chain
- Grade 70 transport chain & binders
