

HEAVY DUTY WIRE ROPE CLIPS — 316 STAINLESS

GRADE 316-NM STAINLESS · DROP FORGED · FEDERAL SPECIFICATION FF-C-450D, TYPE 1 · SIZES 1/8" TO 1"

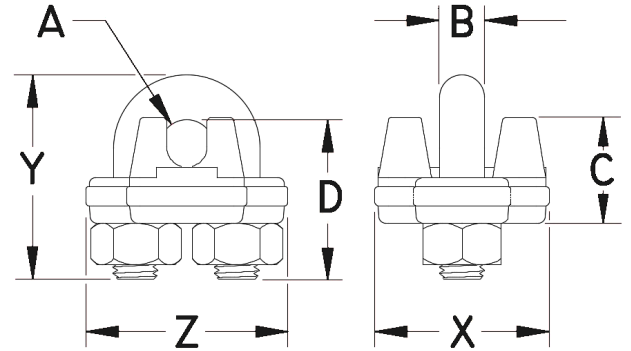

Heavy duty wire rope clips clamp the dead end of a wire rope back onto the live end to form a secure loop. Drop forged from grade 316-NM stainless steel for maximum corrosion resistance and durability, they are ideal for marine and industrial rigging applications.

BENEFITS & FEATURES

- **Grade 316-NM stainless steel** for maximum corrosion resistance
- Drop forged for strength and durability
- Meets Federal Specification **FF-C-450D, Type 1** (except 316 stainless, drop forged)
- Ideal for marine and industrial rigging applications
- Available in sizes 1/8" through 1"
- Retail and bulk packaging available

Caution: Wire rope clips are not to be used on PVC coated cable without first stripping off the PVC. Clips must be installed over bare cable only, and nuts must be re-tightened or re-torqued regularly.

DIMENSION REFERENCE

SIZES & DIMENSIONS

SIZE A (IN.)	DIMENSIONS (IN.)						WEIGHT (LBS.)
	B	C	D	X	Y	Z	
1/8"	0.21"	0.44"	0.80"	0.80"	0.95"	0.92"	0.06
3/16"	0.24"	0.53"	0.99"	0.95"	1.18"	1.15"	0.10
1/4"	0.27"	0.67"	1.07"	1.18"	1.34"	1.46"	0.20
5/16"	0.36"	0.83"	1.45"	1.33"	1.77"	1.66"	0.28
3/8"	0.43"	0.94"	1.53"	1.56"	1.88"	1.90"	0.44
1/2"	0.48"	1.13"	1.97"	1.90"	2.35"	2.28"	0.71
5/8"	0.54"	1.35"	2.39"	2.05"	2.90"	2.48"	1.00
3/4"	0.62"	1.39"	2.78"	2.24"	3.38"	2.83"	1.48
1"	0.68"	1.83"	3.54"	2.59"	4.22"	3.47"	2.55

All dimensions are nominal (±3%) and subject to change without notice. Grade 316-NM stainless steel, drop forged. Meets Federal Specification FF-C-450D, Type 1, except manufactured from 316 stainless steel. Imported. Use the correct number of clips and rope turn-back for the rope diameter, and re-torque nuts after initial loading.
