

BEAM CLAMPS — BC / BCD SERIES

1 TO 10 METRIC TON CAPACITY · WITH OR WITHOUT MOVABLE SHACKLE · THEATRICAL BLACK

⚠ Never exceed capacity. Do not use for lifting people or loads over people. Read operator's manual before use.

Beam clamps for use with powered or manual hoists. Simple installation by hand — **no tools required**. Compact and portable low headroom design. Available with **movable shackle (BCD model)** or without (BC model).

"Theatrical Black" finish — all parts matte black. **5:1 design factor**. Meets OSHA, ASME B30, NASA-STD-8719.9 and EU Directives 2006/42/EC.

All dimensions in inches, weights in pounds. BC/BCD values shown where different. 5:1 design factor for use with powered or manual hoist. Angular load ratings for BCD model only; BC model rated at 0° only.

FEATURES

- No tools required — hand tightened
- Compact low headroom design
- BC model: fixed mount, vertical loading only
- BCD model: movable shackle, angular loading
- "Theatrical Black" matte finish
- 5:1 design factor
- Serialized with test certificate

COMPLIANCE

- OSHA
- ASME B30
- NASA-STD-8719.9
- EU Directives 2006/42/EC

APPLICATIONS

- Fixed hoist mount or rigging point
- Steel erection & construction
- Theatrical & entertainment rigging
- Maintenance & facility operations
