

FORGED D-RING WITH STRAP

TYPE A (SELF COLORED) & TYPE B (GALVANIZED, OFFSHORE) • FOR TIE-DOWN ONLY

⚠ Do not use for overhead lifting. D-Rings are designed for tie-down purposes only and are not intended for lifting.

TYPE A – SELF COLORED

SIZE (IN.)	A	B	C	D	E	BREAKING STRENGTH (LBS.)	WT. (LBS.)
1/2	2.25	2.50	0.50	1.76	0.61	12,000	0.94
5/8	3.00	3.00	0.63	2.48	0.92	19,000	1.87
3/4	3.00	3.00	0.75	2.48	1.00	26,500	2.70
1	3.00	3.00	1.00	2.52	1.21	47,000	4.21

Forged carbon steel, self colored. Dimensions in inches. Breaking strengths are ultimate values based on straight line pull.

TYPE B – GALVANIZED, FOR OFFSHORE USE

SIZE	A	B	C	D	BREAKING STRENGTH (METRIC TONS)	WT. (LBS.)
F187	0.50	2.63	2.00	1.97	7	1.19
F653	0.87	4.72	3.15	3.94	36	6.61
F654	1.00	5.00	3.66	4.01	41	7.72
F643/655	1.00	5.00	4.02	4.01	50	9.92

Forged carbon steel, hot-dip galvanized for offshore use. Type "B" D-Rings are zinc plated. Straps are self-colored. Dimensions in inches.

Loads shown are "ultimate breaking strength" loads and are not "working load limits" and are based on a single straight line pull and apply to the ring itself as well as the connection between the ring and strap, but does not apply to the weld securing the strap to the mounting surface.

Working load limits are to be determined by the user and should be based on the particular application, angle of pull (which will reduce breaking strength), and any other applicable standards or specifications. Always apply an appropriate safety factor.

D-Rings and straps should not be used at temperatures exceeding 500°F. Care should be taken when welding the strap so as not to allow the D-Ring to be heated above 500°F. D-Rings and straps are only sold together as a set.

FEATURES

- Forged carbon steel construction
- D-Ring pivots 180° to accommodate any load
- Weld-on bracket for permanent installation
- Type A: Self colored for general use
- Type B: Galvanized for offshore/marine
- Sold as complete ring & strap set

APPLICATIONS

- Trailer & truck tie-down points
- Flatbed cargo securement
- Offshore & marine (Type B)
- Heavy equipment transport
- Industrial & construction
